Website: www.scaddanps.wa.edu.au

From the Principal:

Dear Parents and Community,

We have had another fantastic fortnight at Scaddan Primary School. Students have settled into new routines and are working extremely hard.

Last Friday, School Census Data was collected. Our current enrolment figure for 2016 is 24 students. This enrolment figure is used to determine our one line budget from which a cash and salaries plan is developed.

Based on this enrolment figure, we have been able to offer Miss Thomas 4.5 days work each week. This creates consistency in the Senior Room as they will have one teacher for core subjects in the curriculum. I will continue to provide DOTT in the Junior Room as well as working in a support role to provide more targeted teaching time in our classrooms.

We are now collecting Voluntary Contributions and Charges. Endorsed by the School Council and provided to all parents at the end of last year, these payments greatly assist in the provision and planning of a range of activities for your children. Please make cheques payable to Scaddan Primary School or see Mrs Berry in the office. We have also sent a copy of the 2016 Voluntary Contributions and Charges and the 2016 Parent Handbook for your information.

This year Easter falls during our school term. A submission was put forward to our Regional Executive Director to open our doors on Easter Tuesday 29 March 2016 which would allow us to be closed on the day of the Esperance Agricultural Show, Friday 14 October 2016. This request has been approved. If you have any queries about this please contact the office.

In Week 1, a package of forms was sent home for your signatures. Please return these as soon as possible. A Student Health form has also been sent home today for you to update. If you have any queries contact Mrs Berry.

We are seeking parent volunteers for a range of jobs during the Faction Carnival on Friday 11 March 2016. Every family has received a form that will allow you to indicate a preference for a job you would like to do on the day. We will try and give each parent their preferred job. If you can help, please return your form to the office as soon as possible. Kindy students are more than welcome to participate on this day.

On Thursday 31 March and Friday 1 April, William Martin and Lindsay Harby will be at Scaddan Primary School to work with the staff and community as part of Phase 3 of Our Education Network. All parents and community are invited to participate in these days and more information about the format for these days will be in the next newsletter. Please note that Friday 1 April is a designated School Development Day. Students do not attend school on this day.

Kind regards,

Reece Smith
Principal

*All enquires please phone 0428 762 258 or email espsoccerassoc@outlook.com

Stephanie Alexander Kitchen Garden

It has been a busy week back for Term One!

We started our SAKG with the students and teachers taking the time to view and acknowledge the changes within our garden and school. We are looking at the positives and are excited about the changes we can make to our garden. We are hoping if anyone in the community would like to help with the re-build of the Scaddan Primary School Kitchen Garden and haven't already done so, to contact the school so that we can notify you with information.

We are also looking to collect large plastic bottles, such as litre water or soft drink bottles, for a student community project. Thankyou!

Our Strawberries are producing some sweet fruit!

Coast and Marine in Motion Video Competition

Coast and Marine: In Motion is being run in conjunction with the Albany Maritime Foundation to explore the topic of Coastal and Marine Sustainability through the medium of video.

Participants of any age are welcome to submit a 90 second video that focuses on an aspect of caring for the coastal and marine environment.

Competition rules and submission date are similar to the LANDCARE: in MOTION video competition, except for the changes to the topic and open age category. Entrants eligible for the youth competition (<25yo) and with a suitable video topic that also meets the scope of the Landcare competition are welcome to submit their video for both competitions provided both entry forms accompany their video entry.

Winning videos will be announced and publicly screened at the Festival of the Sea at the Albany Boatshed on the waterfront Princess Royal Drive on Easter Saturday 26th March 2016 and a screening event in Esperance.

For more details and conditions of entry, check out our Environmental Education webpage at <http://southcoastnrm.com.au/category/environmental-education>.

Competition closes 9th March 2016.

Landcare in Motion Video Competition

Landcare in Motion is a competition open to under 25 year olds that aims to encourage youth residing in the South Coast of Western Australia to explore the topic of LANDCARE in their local environment through the medium of video.

Whatever it is that excites you about caring for our local environment, we invite you to come up with a video up to 90 seconds in length that explains a Landcare message, shows what Landcare means to you, or demonstrates how you and your community is caring for our local environment.

Videos can be made using a smartphone, a tablet, a video recorder or any other device.

For more details and conditions of entry, check out our Environmental Education webpage at <http://southcoastnrm.com.au/category/environmental-education> or contact Caitlin at caitlinj@southcoastnrm.com.au.

Competition closes 9th March 2016.

Rotary Residential College

Providing quality accommodation for Country High School Students

www.rotaryresidentialcollege.com.au

Life in the boarding house develops independence, understanding and a bond of strong friendship. Through our strong sense of community and co-operation, our boarders are wonderfully prepared for life beyond school.

Welcome

The Rotary Residential College provides quality accommodation for country high school students and was established in 1991. The college caters for all rural & remote country students from all over Western Australia that want to attend Government High schools in Perth's metropolitan area or who were unable to undertake specialised courses at their local high school.

Many of the students do WACE subjects or specialised programs such as tennis, hockey, cricket, fashion and design, golf, netball, soccer and aviation.

Conveniently located close to shops, public transport, city, sporting clubs, public library and Curtin University, the landscaped complex, nestled among towering pines, consists of 95 rooms of which have separate dorms for both boys and girls (each student has their own room which also boasts a private bathroom, desk, shelves, wardrobe and a reverse cycle air conditioner) with linen provided and laundered. Students do laundry their own clothing.

Many of the students are entitled to financial assistance through Centrelink's "Assistance for Isolated Students" (AIC) scheme and also the Department of Education "Boarding away from home allowance" (BAHA). Others may not enjoy those entitlements and must pay the annual fee on a schedule. Please see the back page for more information.

During the school holidays the College is available to groups for holiday / sport event or other specialised event accommodation. Please contact the management for more information.

Residential Life

Living away from home can be a daunting concept. At the beginning of the year boarders spend a considerable amount of time getting to know each other and the staff.

Communication with family and friends is a vital avenue of support and we encourage boarders to keep in touch through the use of phone calls and emails.

Boarders, their families, guardians and friends are welcomed at the college and can always meet in the swan common area. Parents are always welcome and are invited to share a meal with their child in the dining room when they are in town.

A number of excursions and social activities are organised each week, such as: Beach excursions, Socials/Dances, festivals, Laser Zone, shopping trips, movies and many more.

We believe that boarding at Rotary Residential College is a rewarding, fulfilling and a happy experience for all.

The day to day running of the college is purposely designed to meet the student's needs.

There are 2 dedicated study sessions during the week along with plenty of free time and enough time to get the sleep necessary for a new day.

Facilities

Along with their own rooms with ensuite bathrooms, the boarding house has outstanding facilities which include a Recreation Room (which has a huge TV, pool tables, table tennis tables, soccer table etc), dining room, computer room, multi study room, music room, aviation room, Gym and laundry.

After school hours we have the use of Kent Street High Schools tennis courts, basketball courts, oval and an outdoor swimming pool.

Having their own room means they can enjoy privacy and personalise their room with precious photographs of family and friends and favourite pop stars.

Country Students

The Rotary Residential College opens up a world of opportunities for students from country areas.

Firm guidelines are set down to ensure that there is no disruption for individual students working hard for their special courses. Students benefit from the community atmosphere, but their own self contained rooms ensure they have their privacy when needed.

Food is important. Meals are tasty and healthy and each dinner has a variety of options.

Staff

All boarding staff:

- are passionate about working with young people
- have relevant experience
- Nationally recognized training in boarding
- Police clearance
- Working with children check

General Information and Fees / Application Documents

For more information and applications please see our website:
www.rotaryresidentialcollege.com.au

Schools

A majority of our students attend Kent Street Senior High School which is located just behind the College and Como Secondary College is a short bus ride away. Although students can be enrolled in any government metropolitan high school of choice.

Security and Safety

The college has an extensive CCTV and security system in place. All doors have electronic locks with each student having personalized access.

All buildings are armed over night and in case of an emergency students can open any of the doors to alert staff on site. All management live on the premises.

We adhere to strict sign out procedures and we work collaboratively in partnership with families with all issues with their child.

Fee Assistance Information

- Centrelink "Assistance for Isolated Children" (AIC) also details about the living away from home allowance.
- Department of Education "Boarding away from home allowance" (BAHA).
